

Albero

Item number 33779, KMAT 61000310

Product description

Albero is a decorative and upholstery fabric in one. Its coarse, canvas-like texture contrasts with the sheen. Its natural character is underlined by the large number of natural shades, which are accentuated by fresh, clear tones.

As a curtain, Albero offers a homely atmosphere with its soft drape. The fabric allows diffused light to enter the room, but denies the outside view. As an upholstery fabric, it is very hard-wearing with 40,000 abrasion cycles and ensures long-lasting beauty of the furniture. Albero is also available as a DELIGARD version (Malta X DELIGARD), which means that the fabric has a special reverse side that makes it resistant to moisture and dirt.
