

Ambra X DELIGARD

Item number 22036, KMAT 61000217

Product description

DELIUS upholstery fabrics with DELIGARD technology are particularly resistant to moisture and dirt. The innovative system gives bacteria, dirt and moisture no chance. The technology prevents the growth of germs and therefore offers lasting cleanliness even under heavy use. They are the solution for long-lasting stain-free upholstery. The surface is covered with a special coating that protects the fabric from the penetration of dirt. The protective layer on the back prevents the penetration of moisture and wetness. Ambra X DELIGARD looks both modern and natural thanks to its coarser canvas structure with subtle longitudinal stripes. The light velour effect gives the upholstery fabric a pleasant, soft feel. This fabric is particularly suitable for the care sector, but also offers great added value for guests and owners in hotels and restaurants.
