

Circle

Item number 34526, KMAT 61000101

Product description

Circle is part of a sophisticated jacquard series consisting of the three decorative items Galery, Zag and Circle. They are characterized by a sophisticated interplay of weave and colour. Geometric line and surface designs adorn the matt surfaces with a natural look. All three jacquard fabrics are woven from the brand yarn Trevira CS and are Oeko-Tex certified. They have passed the M1 and are therefore also ideally suited for the French market. This geometric design of parallel, vertical lines, broken up by intersecting curved and circular lines, has been colored both tone on tone and in strong contrasts between background and line. Circle is available in 300 cm fabric width and therefore offers the advantages of seamless processing. With a light fastness of 6, it is well protected against fading caused by sunlight.
