

## Comino X DELIGARD

Item number 43364, KMAT 61000416

### Product description

DELIUS upholstery fabrics with DELIGARD technology are particularly resistant to moisture and dirt. The innovative system gives bacteria, dirt and moisture no chance. The technology prevents the growth of germs and therefore offers lasting cleanliness even under heavy use. They are the solution for long-lasting stain-free upholstery

The surface is covered with a special coating that protects the fabric from the penetration of dirt. The protective layer on the back prevents the penetration of moisture and wetness. Comino X DELIGARD has a textured surface with a melange look and is hard-wearing thanks to its tightly woven structure. This functional upholstery fabric is particularly suitable for the care sector and hotel furnishings.
