

Daisy Colour DELILIGHT

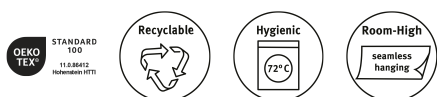

Item number 31161, KMAT 61000277

Product description

Daisy Color DELILIGHT is a plain store in a batiste look. Its surface is matt and natural in line with the current design trend. The item is room-high and can even be washed at 72°C, which makes it ideal for use in the health and care sector. The use of zinc tape instead of lead tape is particularly noteworthy. Zinc tape as a weighting tape has the same properties, but is much more environmentally friendly. Daisy Colour DELILIGHT is the colorful all-round and basic blind for all segments. Daisy Colour has a finely graduated, modern color palette of 27 colors. It starts with elegantly nuanced natural tones and moves on to a variety of intense and pastel colors. Daisy Colour is available from 300 m as a special color.
