

Galery

Item number 34617, KMAT 61000106

Product description

Galery is part of a sophisticated jacquard series consisting of the three decorative items Galery, Zag and Circle. They are characterized by a sophisticated interplay of weave and colour. Geometric line and surface designs adorn the matt surfaces in a natural look. Galery is the eye-catcher of the collection. Inspired by Bauhaus, a large, repeat-like, geometric design was created. The exciting interplay of weaves creates different surfaces that turn this design into an extravagant work of art. Galery is available in a fabric width of 310 cm. This means it is not only suitable for seamless window treatments, but can also be made up for bedspreads and plaids without seams.
