

Jade

Item number 37918, KMAT 61000194

Product description

Jade is a classic satin with an elegant silk lustre. It is wonderfully soft and flowing and impresses with its expressive range of colors. Jade is suitable as a decorative fabric and for light upholstery such as headboards, bed surrounds and cushions. With a sound absorption coefficient of 0.65 aw and the resulting sound absorption class C, Jade can also be used as an acoustic fabric.

Fine-grained natural tones have been enriched with current trend colors such as strawberry, greenery and lapis lazuli. Delicate shades such as pistachio and lavender round off the range. The color palette comprises a total of 24 colors. The article is made of 100% Trevira CS and is available in a fabric width of 300 cm.
