

## Leeds

Item number 28299, KMAT 61000246

## Product description

The Leeds decorative fabric impresses with its combination of delicate pastel shades and a soft, woolly surface. This is brushed to achieve this modern, soft look. The light decorative fabric with some sheerness, naturally room-high in a width of 310 cm, still allows enough soft, pleasant light into the room even when closed. Leeds has a number of positive properties. In addition to its soft feel, it is crease-resistant, has good lightfastness, is washable at 60°C and has OekoTex certification. The interplay between the white warp and the colored weft creates a delicate, subdued color palette. In an ensemble, the trendy colors look wonderfully homely, almost quiet and pleasantly relaxed.
