

## Rico DIMOUT

Item number 35517, KMAT 61000126

### Product description

Dimout curtains are blackout fabrics that reduce the usual 40% light transmission to just 1%. The degree of darkening is 99%, depending on the color. Dimout fabrics are a double satin with a black weft. These two components create a very dense, softly flowing fabric that allows hardly any light to shine through and has excellent acoustic properties.

The Rico print motif presents itself graphically with an all-over diamond pattern on a textured print base fabric. Rico is part of a commercial print series that is used in the health and care sector as well as in hotels.
